SUMMARY

Full-Stack Developer with 1.9+ years of hands-on experience building scalable web applications using JavaScript, React.js, and Node.js. Proficient in RESTful APIs, Microservices architecture, Authentication & Authorization, Nginx, and CI/CD pipelines with Docker and Jenkins. Passionate about writing clean code and optimizing application performance.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), SQL, HTML5, CSS3
Frontend:	React.js, Redux, React Router, Axios, Formik
Backend:	Node.js, Express.js, REST APIs, Microservices Architecture
Security:	Authentication & Authorization (JWT/OAuth)
Databases:	PostgreSQL, MySQL
Tools & DevOps:	Docker, Jenkins, Nginx, CI/CD, Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Junior Software Developer — Startup / Company

Dec 2024 – Present

- Engineered and maintained responsive web applications using JavaScript, React.js, and Node.js.
- Developed modular, reusable UI components following modern frontend best practices.
- Implemented secure authentication & authorization workflows and integrated RESTful APIs.
- Refactored legacy codebases and optimized runtime performance, reducing UI render bottlenecks.
- Collaborated daily in Agile sprints with cross-functional peers to debug and ship production features.

KEY PROJECTS

Web Betting Platform

Dec 2024 – Aug 2025

- Built high-performance, dynamic betting interfaces with React.js and reusable UI layouts.
- Integrated secure authentication and REST endpoints for live data fetching and transactional workflows.

Banking Application

Sep 2025 – Present

- Developed secure financial dashboard interfaces utilizing React.js, Redux, and React Router.
- Implemented robust user authentication, authorization checks, and client-side form validation.

E-Commerce Microservices Platform

Personal Project

- Designed a Microservices architecture featuring independent services with Node.js and Express.js.
- Configured Nginx as a reverse proxy for routing traffic and containerized multi-service workloads with Docker Compose.

EDUCATION & CERTIFICATIONS

B.Tech in Computer Science and Engineering — Dr. M.G.R. Educational and Research Institute
(CGPA: 8.4/10)

Apr 2021 – May 2025

Certifications: NPTEL Database Management Systems | FITA Frontend Development Using React | Microsoft Power Platform
